10 CENTS

Board To Interview Coach Hopefuls Saturday

Up and over, and Joy Williams, Canyon High School junior, makes it look so easy as she masters the high jump in the new girls track events being held at the high school under coach Bob Schneider. High jumping, relays, broad jumping and dashes are some of the events the girls will participate in during three meets this spring. (See story on Page 6).

In New District

Armstrong Okay

Randall County commissioners court Monday sanctioned a plea from an Armstrong County delegation that Armstrong be included in the legislative district with Potter and Randall when the state is redistricted.

"I'll write them a letter and tell them that we'll be glad to have them," County Judge Woody Pond declared.

Pond told the court that under present plans Potter, Randall and Armstrong would get two representatives elected at large if the three counties finally become a district.

Canyon Chamber of Commerce also has sanctioned such a move.

A delegation asking for road improvements in the vicinity of Coulter and Arden Roads were told they would just have to wait their turn.

Jack Tompkins, acting as spokesman, said about 3 1/2 miles of road was involved to serve some 100 people. Commissioner Bill Butler told the group that the 3 1/2 miles of hard surface requested would cost about \$40,000.

Butler also noted that the county may be in a position to do much of its own work and much cheaper under the unit system of road maintenance adopted Jan. 1 by the county.

"Right now 10 miles of road would wipe out our road money for a year," Butler declared. The group was told that some other areas have priority over Monday's request.

Norris Wilkinson, a member of the delegation, said that some 15 school children live in the area and that during soggy weather buses can't get to them.

He inquired as to the possibility of getting state or federal help. Butler said he would inquire into the possi-

bility with Panhandle Regional Planning Commission. Tompkins and Wilkinson were accompanied to the Monday meeting by Joe Hodges and William White who live in the area involved.

The court accepted a bid by Imperial Chevrolet Company of Canyon of \$2,720.55 with trade-in on a Bel Air Chevrolet to be used by the Randall County juvenile probation office.

Hedgecock Motor Company of Amarillo was awarded the bid on a pickup with a

crew cab for the county road department. The bid was \$3,034.62 with trade-in.

Bids on tools for the road department were tabled until next week. Sheriff L.S. "Slim" Johnston brought the problem of dead cattle on county roads following the recent blizzard.

Commissioner Bill Butler discussed a group hospitalization insurance program for county employees. He said a policy with major medical benefits should cost about (see ARMSTRONG, page 9)

WT Quality Pledged

BY TROY MARTIN
West Texas State University's board of regents is interested in quality rather than mere quantity, Jimmy Jenkins, a member of that board, told Canyon Lions Club Wednesday.

Jenkins said the board wants to be sure that when a student graduates from West Texas State he has a first class quality education. "The board cannot get quality by ignoring changes that have to be made in administration and teaching staff," the regent went on.

He said that a 65-year-old instructor who keeps abreast and maintains a good attitude can be as good an instructor as a 35-year-old with the same education.

But when that instructor refuses to keep current, then changes have to be made, Jenkins, an Amarillo certified public accountant, went on.

Jenkins told the group that the board wants to see a \$26 million building program on the WTSU campus. "I want to see the people of our area get some of our tax dollars back," he declared.

"If we can do it without breaking the law, we're going to do it."

Jenkins said he supports higher out of state tuition be-

The regent noted that Dr. Charles Smallwood's Agriculture department needs class rooms badly.

"I'd like to congratulate the people of Canyon for exceeding their goal on the Nance Ranch project," Jenkins injected into his talk at that point.

He expressed the board's desire to see the WTSU president's salary taken out of the budget as a line item so President James P. Cornette can be raised to \$35,000 a year. Dr. Cornette presently draws \$25,000 a year which Jenkins said is among the lowest in the state.

He noted that it is important to raise the president's salary not only because of this but also because the university will be in the market for a president within a few years and must be competitive.

He returned to earlier reference to the need for a new library and a new science building.

"You can't put in doctoral programs unless you have an adequate library," he said, "and we don't have it." He said the library and sci-

JIMMY JENKINS

Teacher Salaries Are Pondered At Meeting

BY TROY MARTIN

Prospective coaches will be interviewed Saturday afternoon by the Canyon school board.

The board called an executive session for 1:30 p.m. Saturday and is scheduled to talk to "two or three" applicants for the position left vacant when Dunny Goode was named athletic director for the school.

"We don't know whether we will hire anyone Saturday or not," said a board spokesman. The session may not even conclude the board's interviewing.

The Saturday executive session was called Tuesday night at a regular meeting of the board.

The school board Tuesday night rehired 144 school faculty and staff members and Superintendent Jerry Jacobs discussed teacher salaries at length.

Assistant coaches Joe Allen, Phillip Ehly, Floyd Guinn and James Wade were not considered Tuesday night pending the employment of a new head coach.

Jacobs told the board that if present personnel is retained and present positions maintained local cost to the school district for teacher pay will be \$28,811. Local cost of pay increases will be \$14,811 while projected increase in local fund assignment by the state will be \$14,000.

The increase in cost to the state would be \$46,211.

Canyon currently pays teachers \$500 above state schedule.

Board Member J. O. Parker said teachers are more plentiful now than in the past and implied that thought should be given to decreasing the amount the school pays above state schedule.

"We had to pay more when teachers were in short supply but now we could pay less," Parker declared.

"We have to stay in a competitive market for top notch teachers and we have to look at schools we will compete with and at what they are paying," Jacobs replied.

Jacobs pointed out that Borge is paying \$800 above schedule; Dumas, \$1,000; Perryton, \$1,000; Dalhart, \$500;

Dimmitt, \$600; Floydada, \$200; Littlefield, \$200; Muleshoe, \$250; and Tulia, \$400.

Jacobs said the matter will be studied further. He said he is only able to make an educated guess at the needs at this time for next year.

Robert Smith, school tax attorney, and Tax Assessor-Collector Conway Kuykendall submitted a list of 18 delinquent tax suits to be filed and received approval on 14. The other four were postponed because the board believes them to constitute a hardship case.

About \$15,000 is involved in taxes some of which have been delinquent for 12 years.

In a report on the school's athletic program, Jacobs said the school has 15 coaches, 40 teams in various sports and plays 543 games or matches. The system plays 398 basketball games alone in a season.

The football program has 325 boys participating and 156 boys participate in basketball. Jacobs said 246 girls participate in basketball and 210 boys in track. There are 94 girls out for track in high school and junior high school and 10 students participate in high school tennis.

Twenty high school boys play baseball and 16 boys participate in golf.

Jacobs presented a chart (see TEACHER, page 9)

B-R Tryouts To Be Sunday

Tryouts for the Babe Ruth League at Babe Ruth Park will be held Sunday from 2 to 5 p.m. according to Bill Cooper, president.

The baseball players will begin practice about April 1, said Cooper, and play will begin about May 1.

Flu Becomes Mild Epidemic

Flu is "the commonest thing we've seen for the past three weeks here," according to Dr. J. Edwin Low, Canyon physician.

The wide-spreading ailment has reached the proportions of a mild epidemic, Dr. Low said, although he knew of no serious illnesses resulting (see FLU, page 9)

University Beauty Named Miss Canyon

Jan Autry, a sophomore at West Texas State University, is the 1971 Miss Canyon.

Picked by a panel of five judges, the 19-year-old daughter of Mr. and Mrs. Joe Autry of Pampa, was crowned Saturday night by Baltimore Colts football star Jerry Don Logan, a WT graduate.

I Overcommitted, Jerry Don Logan

"I over-committed and was trying to turn him back. He ran inside me and no one was there."

This is how West Texas State's Jerry Don Logan described the manner in which West Texas State's Duane Thomas scored a touchdown in the Super Bowl.

Logan played with the world champion Baltimore Colts while Thomas was with the defeated Cowboys from Dallas.

"I've got a lot of respect for Duane," declared the Graham rancher who plays cornerback for the Colts. "He's one of the best young running backs I've seen in a long time. I'm a little bit prejudiced. He's from West Texas State too."

Jerry Don, here in

Canyon to help judge the Miss Canyon contest last week end, said the game with the Cowboys was one of the most physical in which he has participated during his 8 years with the Colts.

He said only the games with which he could compare this year's Super Bowl tilt with the Cowboys were bone-crushing contests with the Green Bay Packers.

"It was the most physical game I've played in a long time," the stellar Colt cornerback declared. "That's the reason it got so much unfavorable press."

"You couldn't appreciate what was going on unless you were there in it."

Logan says he believes football serves as a vehicle to an education for a lot of athletes. Jerry Don has a BS degree in education from West Texas State and he says most of his teammates are college graduates.

"I think kids play football primarily to help them get an education more than to get a chance at playing pro (see LOGAN, page 9)

LSD Scrambles Brain Declares Amarillo Youth

Mark Bowers said in court Monday that LSD scrambled his brain.

A Randall County jury took 10 minutes to find Bowers, 18, Amarillo, incompetent to help defend himself against a charge of selling marijuana to Amarillo Police Department Undercover Agent Mark Brown.

District Attorney George Dowlen quoted Bowers as having told his attorney, Bob Carnahan, that LSD was responsible for his mental condition.

"If all these people say I'm crazy I guess I am but LSD made me crazy," Dowlen quoted Bowers as having said.

Dowlen said the jury found that Bowers is presently insane and needs to be confined in a mental hospital.

Dowlen also quoted Amarillo psychiatrist R.D. Brittain as having said LSD could have been (see LSD, page 9)

Criminal Justice Workshop Today

Criminal justice personnel from the Panhandle State Planning Region have been invited to attend a regional workshop dealing with long-range improvement plans for criminal justice in Texas.

The session will be Thursday at the new Activities Building, West Texas State University in Canyon, beginning at 9:30 a.m. It is especially designed for mayors, city managers, police chiefs, sheriffs, and county judges of the 25-county region, which comprises the counties of Dallam, Sherman, Hansford, Ochiltree, Lipscomb, Hartley, Moore, Hutchinson, Roberts, Hemphill, Oldham, Potter, Carson, Gray, Wheeler, Deaf Smith, Randall, Armstrong, Donley, Collingsworth, Farmer, Castro, Swisher, Briscoe, and Hall.

Sponsor of the workshop is the Panhandle Regional Planning Commission. The purpose is threefold: to increase participants' knowledge and understanding of the long-range plan for improvement of criminal justice in Texas; to further knowledge of the grant programs available in 1971, and to encourage use of available grant programs to achieve goals of the long-range plan.

Members of the state criminal justice planning staff will be on hand to discuss the programs which may be funded by the Criminal Justice Council, including

Judge Joe Frazier Brown, Denny Pace, Robert Hill, and Peter Kleck.

The Criminal Justice Council, responsible for statewide planning, advises Governor Preston Smith on administration of grants to units of state and local government to assist them in carrying out projects for improving the criminal justice system.

To be discussed at the meeting are the 11 broad programs contained in the 1971 Criminal Justice Plan for Texas: upgrading law enforcement personnel, prevention of crime, prevention and control of juvenile delinquency, improvement of detection and apprehension of (see CRIMINAL, page 9)

A line up of beauties surround Jerry Don Logan, judge at the Miss Canyon pageant Saturday and former WT Buff football player. Leta Gill, left, was named Miss Congeniality by the

other contestants, Shelley Davis, third from left, was first runner-up in the contest, and Jan Autry, right, was picked as Miss Canyon 1971.

COVERING FUMBLE
By Mike Jones

We are making progress: — progress toward a day of choosing between a police state on one hand or an anarchy on the other.

by Troy Martin
FROM THE

CANYON RIM

Elsewhere on this page is a roundup on the Michael Haley case. This version gives something of the Army's side.

From the first I felt that the Army might have a side. I would have gotten it much sooner if the Army folks had not been reluctant to talk about it.

General Bernard W. Rogers told me last Friday that he gave the order righting Haley's financial and personnel records about the middle of February. I had talked to the general on Feb. 3 but did not hear any more from him until I pressed the matter a month later.

The original story on Haley's alleged mistreatment by the Army came from the Associated Press in Saigon.

I was on the telephone Friday about an hour and a half with General Rogers. The general didn't make excuses but as he unfolded his investigation it became clear that the Army was not completely at fault in the Haley case.

After I got the general's story I contacted the Associated Press in Dallas. I was most eager that the entire country have the Army's side as well as the soldier's side.

Early this week the AP had said it would move the story.

A week ago last Saturday Ralph Needham died of an apparent heart attack while on a fishing trip near Guaymas, Mexico.

Ross Elliott and Murphy White were with him. They tried to contact the American consul in Hermosillo, Mexico. It was week end and the consulate was closed.

Elliott said the consulate officials have unlisted home telephone numbers. Even in their emergency the telephone operators there would not ring through for them.

Their predicament was something of a nightmare. They needed the consul or some competent member of his staff at their side.

I am writing to the State Department to see if something cannot be done to remedy this situation. It seems unusual to me for this country not to have consuls available to its nationals 24 hours a day around the world.

If consulate officials are available to American nationals only during working hours then allowing for week ends and holidays we have consular service some 1,920 hours a year.

Since there are 8,750 hours in a 365-day year you can readily see that Americans abroad would have assistance available to them less than 25 percent of the time.

If this is true, then why should we go to the expense of having consulates in the first place?

It is not surprising that consulate people want to work a five-day week.

I understand that the Army has now adopted a 40-hour work week and that some obstetricians induce labor in expectant mothers so that delivery will come during working hours.

The latest rumor on the West Texas State University campus is that Dr. Bill Miller is being eyed by the board of regents as a possible successor to Dr. James P. Corneille.

Dr. Miller is 42 years old. He is the son of Coach Gus Miller who still is a member of the WTSU faculty. He was graduated from the demonstration school high school and took a degree from West Texas State.

He received his doctorate in administration from Texas Technological University and presently is a professor in the doctoral program in administration at North Texas State University.

Dr. Miller also is NTSU faculty representative to the Missouri Valley Conference and is currently president of the MVC.

West Texas State Univer-

sity officials say Ralph Nader, the efficiency expert, reneged on a contract to speak on the WTSU campus.

The cancellation was blamed on a "scheduling error" just discovered in the American Program Bureau's office. Isn't it odd that a man who purports to be able to tell General Motors how to build cars can't even keep up with something as simple as a public speaking schedule?

Fred Stoker sends along this bit of information. Canyon almost became the site of a Baptist College back in 1903.

Fred turned up the tidbit while doing research on Hereford College.

He said that in 1903 Baptists of the Panhandle were eyeing Amarillo, Canyon, Clarendon, Memphis, Quannah and Hereford as possible sites for a school.

Canyon was selected in the summer of 1903 when Canyon residents pledged \$25,000 and forty acres of land. For some reason the Canyon folks couldn't raise the money and the college went to Canadian—not previously considered. Good-night Academy became a Baptist College in 1905 but closed a few years later.

The man who said Canyon wouldn't do its share on the Nance Ranch project should have his mouth washed out with soap.

Canyon folks already have kicked in more than \$12,500 for the project and the fund may come to \$15,000 before it is over.

Amarillo is raising \$50,000 for it but to do as much per capita as Canyon the community to the north would have to raise \$240,000.

Station Has New Ownership

As of Tuesday morning Radio Station KCAN in Canyon began broadcasting under new ownership.

New owner of the Canyon station is Courtesy Broadcasting, Inc. with Wes Nimmire as its president.

In Haley Case

BY TROY MARTIN
"We made a mistake."

This is how General Bernard W. Rogers summed up the Army's position in the Michael Haley case.

But as the general's report unfolded it became apparent that even if the soldier from Illinois had been wronged the Army has also been extremely patient with him.

General Rogers is now Army liaison officer with Congress.

Haley is the soldier who told the Associated Press in Saigon in February that he waited for orders to Fort Carson, Colo., for five months, was refused Army assignment there during that time and then charged with excessive leave when the orders finally

showed up.

General Rogers' admission of Army fault came Friday morning in a telephone call to The Canyon News publisher whose column in The News had been seeking clarification of the case.

For the excessive leave Haley was told he would have to repay \$1,647. General Rogers who was Haley's commanding officer at Fort Carson said that it had not been his intent that Haley be punished in any way and that he has ordered that the excessive leave charge be dropped and that debt be forgiven.

General Rogers said the trouble in the Haley case started back at Fort Leonard Wood, Mo., when Haley's orders were cut for his transfer

to Fort Carson.

The orders were dated Aug. 4, 1969 and stipulated that Haley arrive at Fort Carson Aug. 1, 1969.

"That's where the first mistake was made," General Rogers declared.

Haley was quoted as saying he reported to a clerk at Fort Carson in September of 1969 and was told to go home until his orders arrived.

"I never told anyone that," General Rogers quoted a clerk named Martinez as having said. Martinez is reported to have said he did not see Haley before February of last year.

"It was just one man's word against another," General Rogers declared. "I made a decision not to court martial him for being absent without leave. The evidence was not sufficient."

"If he had to pay back money for excessive leave, that was not my intention. That's a mistake. I admit a mistake was made."

General Rogers said he has given instructions that any money deducted from the soldier's pay on the excessive leave

(see ARMY, page 4)

Our World

BY ANN BROWN

The recent controversy over the Panhandle Regional Planning Commission is typical of the takeover being effected from every little hamlet—all the way to Washington, D. C. Once the camel gets his nose in the tent, the poor, foolish host is out—but he is still forced to maintain the tent.

In November, 1969, our own commissioner, Bill Butler, tried to stop the PRPC. He reminded the Commissioner's Court that the original agreement stipulated there would be no budget allotted for PRPC, and that it operate through the duly elected officials.

Mayor J. Ernest Stroud of Amarillo tried desperately to keep the camel's nose out of the tent. When the local news media refused to carry his views, he distributed several thousand blue sheets explaining what he thought PRPC would do to our area.

We were assured that PRPC was going to be another "free" government service. Mayor Stroud warned the people what this "free" service was likely to cost us. (It seems the mayor

was a bit conservative in his estimates.) Almost every tax notice finds our taxes raised to meet some more "free" government services.

The goals and function of PRPC have never been adequately explained. Apparently, it is another directive from Big Brother that we are supposed to accept without question—just pay the bills.

Butler and Stroud, both elected by taxpayers to look after our fiscal affairs, were ignored. A budget of \$10,600 was approved based on a 3 cent per capita rate. Within a year the per capita share was raised to 6 cents. (How would the taxpayers like 100% increase yearly in their incomes?) The \$10,600 was supposed to come from the State. And where does the State get its money?

Less than two years after the adoption of the \$10,600 budget, the "two top" men in PRPC are drawing \$16,500 and \$13,561 annual salaries. Just those two salaries add up to \$30,061. The current annual budget is \$147,374. So much for the \$10,600.

Aren't the citizens who are forced to pay these salaries at least entitled to know what these men do to earn them? Does our sheriff, who risks his life every day to protect our lives and property, command a salary like this?

It is this distorted sense of values that is destroying the society that has given us so much.

The constantly growing trend is to add people to the public payroll. Whether or not they make a contribution to the public good does not seem to be an issue. And the fact that the public cannot afford them—useful or not—is completely ignored.

Overseers have been employed until we are now hiring overseers to oversee the overseers.

Experts report that we have about reached the place in our economy where people in administration outnumber people in production. Everybody knows that any tribe that gets more chiefs than Indians is in big trouble.

It is this sort of impossible situation that prompts our rebellious young people to clamor for us to abandon the tent. They can see no other hope of getting rid of the camel.

If PRPC is worth all the money it is costing us, someone should be able to explain its function. If it is not paying its way, why can't we get out of it? (Why couldn't we have been as smart as Deaf Smith County and stayed

out of it to begin with?)

Are our young rebels right? Is there no other way to get the camel out except to destroy the tent? Isn't this an opportunity for the establishment to vindicate its position?

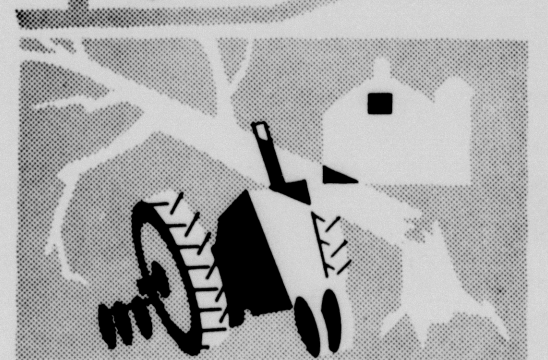

Who has the courage to try?

Through a typographical error, Percy L. Greaves, Jr., was misquoted in last Thursday's paper.

The statement he made was, "If all the world were socialist, there would be no competition, no increase in production, so there would be no mass production for mass consumption. Eventually, there would be universal poverty."

Angel Corps Sweeps Regional Drill Meet

Angel Corps drill team at West Texas State University marched away from the Southwest Regional Drill Meet at Texas Tech Saturday with the Sweepstakes trophy under their arms.

The 18 WT coeds competed against drill teams from the University of Texas at El Paso and Tarleton State University.

The Angel Corps soundly defeated El Paso, which was ranked the top drill team last year in a five-state area. The WT girls won first place in regulation drill with more

than a 100-point advantage. Out of a possible 800 points for the regulation drill, the WT team totalled 742 points. They placed second in fancy drill losing behind El Paso only five points.

Capt. Henry Rosser, sponsor, praised the team and Diane Davis, drill team commander for her leadership during the meet.

"We are extremely proud of Miss Davis for the way she handled herself and the corps during her first time as drill commander," Rosser said of the sophomore from

Petersburg.

Miss Davis is ROTC cadet corps sponsor, she is a WTSU twirler, a member of the band sorority and was active in Pony Express riding in high school. She will be a candidate for Miss Military Science at the annual military ball in April.

The corps will compete next April 23 in San Antonio.

Members of the Angel Corps are Barbra Massey, Donna Smith, Judy Usher, Ellen Doerfler, Wanda Blanton, Vicki Maxwell, Henri Redic, Maggie Williams, Sandy Coleman, Diane Kenney, Linda Hannah, Terry Maxey, Sherry Carpenter, Glenda Peters, Cheyenne McKay, Rita Schumacher and Bonny Heppard. Reserves include Eula Williams, LaTanya Dangerfield, and Della Rogers.

Trophies galore. That was the order of the day Saturday when the West Texas State University Angel Corps won the Southwest Regional Drill Meet at Texas Tech. Diane Davis, drill team commander, and Captain Henry Rosser, sponsor, gaze on their winnings.

Army...

(Continued from page 2)

charge be refunded.

The Army has a side to the story too and it was revealed for the first time Friday in the general's talk with the Canyon publisher.

The general said that on Jan. 13, 1970 Haley was ordered by his immediate commanding officer not to leave Fort Carson.

General Rogers said that in spite of direct orders the young man left the post and went to Illinois not returning to duty until Feb. 1.

"He was not punished for this," the general went on, "But it was mandatory that this time be added on to his tour of duty because it is bad time."

Haley is due for discharge next summer but will have to serve an additional 18 days because of the bad time.

General Rogers said the records reflect that Haley received from the finance officer at Chanute Field at Rantoul, Ill., partial payments amounting to a total of \$2,100.

For some reason these partial pay records did not appear in the soldier's pay book. General Rogers points out that these could have been removed or the finance officer at Chanute may have failed to insert them.

Here again the evidence is not conclusive, the general declared.

General Rogers said Haley presented a personnel officer in Vietnam a copy of orders he said he got in the mail showing Haley to have been promoted in June of 1970 from the rank of Spec. 4 to the rank of Spec. 5.

Haley's superiors in Vietnam contacted Fort Carson and found that the orders were false, according to General Rogers. He said the promotion orders contained the names of two persons who were not soldiers and had never been soldiers.

"There was no punishment again because evidence was insufficient," said General Rogers. "When there is a doubt I always decide in favor of the soldier but he had drawn pay and family allowance for the Spec. 5 rank from June until January and was overpaid \$500 which was the difference between the pay for his actual rank and the rank of Spec. 5."

"He also owes the government \$65 which he was fined for failure to appear for guard duty in Vietnam," General Rogers said.

Haley seems to have worked himself into financial trouble in other ways, mostly by starting allotments the deductions for which piled up on him.

Even after army refund of \$1,251.35 which was deducted for the "excessive leave" Haley still owes the government a considerable sum.

General Rogers said a complete audit by the Army finance center and the reconciliation by Finance personnel of his present organization have determined that Haley still owes the government about \$3,700. This includes adjustments for allotments stopped and started by the soldier.

The general said Haley has been advised of action he can take for remission of some of the indebtedness.

Acteens Plan Study Retreat

Acteens from First Baptist Church will study "A New Day on the Hudson" while on retreat at the High Plains Baptist Assembly Friday evening and Saturday.

The girls, aged from 12 to 17, will be taught by Mrs. Bill Foil.

On Saturday morning, Carol Cutbirth, WTSU cheerleader, will speak on "What God Intended for a Woman to Be."

Other counsellors who will attend are Mrs. Benny Chastain and Mrs. Jimmy Glenn. Aiding them will be Misses Sherry Clements, Dianne Broadway, and Cutbirth, all from WTSU.

Dr. Laycock NCATE Team

A West Texas State University dean has been selected by the National Council for the Accreditation of Teacher Education (NCATE) to serve on an accreditation team for the University of Kansas.

Dr. Kenneth M. Laycock, dean of the College of Education, will visit the University of Kansas March 22-24 along with nine other educators selected from across the nation.

He will head a subcommittee on secondary teacher education programs and will serve on a subcommittee for school administration.

Accreditation visits are made every 10 years to member schools of the NCATE, an affiliate of the American Association of Colleges For Teacher Education.

Grand Junction Scene Of Rites For Beasley

Funeral services for Leslie Beasley, brother of Mrs. Rae Walters, 1718 4th Ave., were held in Grand Junction, Colo., Tuesday.

Mr. Beasley, 65, died of an apparent heart attack Friday.

A cabinet maker, he had lived in Denver until moving to Grand Junction about three years ago.

Mrs. Beasley spent his early childhood at Wayside, moving to Colorado in 1917.

In addition to Mrs. Walters, he is survived by his wife and five children and another sister, Mrs. Milton Small of Denver.

Wheat Referendum and Producer Board Election

Being certified by the Commissioner of Agriculture of the State of Texas for this purpose, the Texas Wheat Producers Assn., Suite 600, Bank of the Southwest Bldg., Amarillo, Texas 79109, proposes a referendum election on May 11, 1971 under provision of Article 55c, Vernon's Civil Statutes, on the proposition of whether or not wheat producers in a 34-county area of the State of Texas shall assess themselves a maximum amount of five mills per bushel to be collected at the point of first processing, handling or sale and to elect members for a 9-man Wheat Producers Board to administer proceeds of such assessment to be used for research, disease and insect control, education and promotion designed to encourage the production, marketing, and use of wheat. Counties to be included in the referendum area are: Roberts, Dallam, Gray, Hansford, Hartley, Hutchinson, Lipscomb, Moore, Ochiltree, Sherman, Briscoe, Armstrong, Carson, Castro, Deaf Smith, Floyd, Hale, Oldham, Parmer, Potter, Randall, Swisher, Archer, Baylor, Childress, Clay, Foard, Hardeman, Haskell, Knox, Throckmorton, Wichita, Wilbarger, and Young.

The referendum and election will be held in each county by personal balloting. Polls will be open from 8:00 a.m. until 5:00 p.m. on the date of the election. The polling places for all counties will be at the County Courthouse. Voting will be conducted on May 11, 1971.

Any person within the area described above engaged in the business of producing, or causing to be produced, wheat for commercial purposes is eligible to vote, including owners of farms and their tenants and sharecroppers, if such person would be required to pay the assessment proposed.

Any person qualified to vote at the referendum may place his name in nomination for election to the proposed commodity producers board by written application to the above organization signed by himself and at least ten other persons eligible to vote in the referendum. Such applications must be filed at least 30 days prior to the election date.

Any person who wishes to vote absentee may obtain a ballot at his local County Agent's office on or before April 27, 1971. Such ballots must be completed and returned to the Texas Wheat Producers Association at the above listed address prior to midnight on the election date.

What's the fastest route to anywhere?

One-Plus Dialing is a "superhighway" when it comes to Long Distance calling. One-Plus is the fastest, easiest way to call. It's non-stop service at its best. Just dial 1, plus the Area Code (if different from your own), plus the number. One-Plus. You can't beat it.

Five Summer Music Workshops Scheduled

Five music workshops will be held this summer at West Texas State University beginning June 7 and ending July 23.

The workshops, each designed for specific groups, will be the Music Education Workshop, June 7-11; Choral Conductor's Workshop June 21-25; Piano Workshop, June 14-18; Marching Band Workshop, July 17-18, and Concert Band Workshop, July 11-23.

Mary Ruth McCulley will teach the music education workshop from 1:30 to 4:30 p.m. each of the five days. Designed for elementary classroom and special music teachers, the course will also attract music consultants, and supervisors, graduate students, and undergraduate students with advanced standing.

The clinician is assistant professor of music education and organ at WT and is a music consultant with Juilliard.

Two Accidents Occur Sunday

Canyon policemen investigated two accidents Sunday, but no injuries were reported in either incident.

A two-car collision at the corner of Fifth Avenue and 23rd Street at 11:50 a.m. was investigated by patrolman Dave Ledford.

A 1969 car driven by James Thomas Clyde of Amarillo collided with a 1968 car driven by D. C. Banks of Canyon. Ledford gave an estimate of the damage to the two vehicles at a grade 4, which is a new procedure used by the city police force in investigating accidents.

Sunday night at 8:15 o'clock a Canyon fire truck and a car driven by Connie Jean Ratliff of Canyon collided at the corner of Fourth Avenue and 16th Street.

Tommy Platt, Canyon fireman, was driver of the fire truck, which was travelling south on 16th St. and was attempting a turn eastward on Fourth Ave. Miss Ratliff's car was travelling west on Fourth Ave.

Lt. Al Stewart was the investigating officer.

Charter Given To Lions Club

George T. Stevens, Jr. will take the office of president of the Canyon Evening Lions Club Saturday night in charter ceremonies at Ladies Night banquet in the Canyon Community Center at 7:30 o'clock.

District Lions Governor Jack Riles of McLean will issue the charter. Members and wives of both the evening and daytime group will be present.

Roy C. Whisler will serve as vice president of the organization; Lynn Blewett, second vice president; David Hunt, secretary-treasurer; Don Colley, lion tamer; Carl Matney, tail twister; Don Percy and Archie Scott, one-year directors; and Robert Daniel, Jr. and Howard Morris, two-year directors.

Mrs. Sunderman To Head TAIR

Mrs. Hazel Sunderman, librarian at Canyon Junior High School, was elected president of the Texas Association for the Improvement of Reading at the group's annual meeting in Dallas last week.

As president, Mrs. Sunderman will direct programs at 11 conferences on various Texas campuses in 1971. More than 6,000 teachers are expected to participate in the meetings.

ard Repertory Project. She is organist at the Polk Street Methodist Church in Amarillo.

Dr. Paul Parmelee, professor of music at the University of Colorado, will be guest clinician of the piano workshop, which will be held 1:30 to 4:30 p.m. June 14-18.

The course is designed for piano teachers, graduate students, and undergraduate students with advanced standing, and will include practice procedures, technical development, ornamentation, interpretation of music from all periods and new teaching materials.

Dr. Parmelee has made two successful Town Hall

appearances in 1963 and 1966, and he has made solo appearances with the Denver, Rochester and Manila orchestras. He is especially well known for his outstanding lecture-recitals for teachers and advanced piano students.

Dr. Lee Kjelson will direct the choral conductor's workshop which will be held in conjunction with the West Texas Choral Music Camp.

The workshop, held June 21-25 from noon to 3 p.m. daily, is designed for public school and college choral directors, church choir directors, graduate students, and undergraduate students with advanced standing.

Kjelson is composer-ar-

ranger and conductor from the University of Miami, Coral Gables, Florida. He is a leader in the choral music field, and featured lecturer and clinician at many national and divisional programs. He conducts annual summer European tours with adult singers from throughout the U.S. and has done extensive publishing both in choral music and music education areas.

The concert band workshop, scheduled to coincide with the West Texas Instrumental Music Camp, will be directed by H. Robert Reynolds, director of bands at the University of Wisconsin.

He is an educator, conductor, and French horn player,

and is well known as a band director in Michigan, California and Wisconsin. The workshop, designed for high school and junior high school band directors, graduate students and undergraduate students, will emphasize dealing with problems relating to the development of superior concert bands. An in-depth study of rehearsal procedures and techniques, organizational and promotional aspects, and overall development of a strong band program will be discussed.

Tommy Davis, associate professor of music and director of the marching band at the University of Iowa, will teach the two day marching

band workshop July 17-18. Designed for band directors, graduate students and undergraduate students, the workshop will emphasize the sound of the marching band, outdoor sonority, instrument placement and projection, effective scoring, show continuity and structure.

Registration for the music education workshop, the choral conductor's workshop and the piano workshop must be completed at the beginning of the first summer session on May 31, 1971. Registration for the concert band workshop will be July 12. Directors wishing to attend the marching band workshop will register on July 17.

Math Teachers To Hold Meet

The Great Plains Council of Teachers of Mathematics will meet in Room 301 of the University Complex South Saturday at 8:30 a.m.

Following a business meet-

ing, sectional meetings will be held for elementary, and junior high levels and high school teachers of geometry, algebra, and advanced mathematics.

Girls Take To Track In High School First

They're off and running! That's the Canyon High School girls who have signed up for the first track team under Coach Bob Schneider.

Serving a dual purpose, the activity is attracting girls who played on the basketball team, and some who were not part of the athletic program until the track team addition was announced.

Schneider pointed out this week the University Interscholastic League is not authorizing any girls track meets this year, but plans call for UIL sponsored events to begin next year.

"We want to let the girls know what to expect at a track meet," the coach explained, as he watched his charges limber up before the fourth morning of practice.

The girls will compete in nine events for track honors and five field events the next three weeks during small meets held in Canyon and Sunray.

Schneider sees the track events as an opportunity to get more girls involved in the athletic program, and he believes that the basketball team members will stay in better shape.

"We have 33 girls signed up for the track events," he noted. "And we hope next year we will have even more as it catches on and we are able to compete in district, regional and state competition."

"In the past we have had to keep the girls in shape by running them around the gym, doing ability drills, and jumping exercises," he recalled.

He thinks the track team will keep the girls in shape longer.

"When the girls have three months off season and three months of summer," he said, "it is hard to get them back in shape to play basketball in time the next year."

The girls find the running, jumping and throwing great exercise, most admitting they feel better doing this type of exercise.

Schneider does hope that next year the girls interested in track and not in basketball will begin doing the cross-country in December and be in good condition for competition by early spring.

Helping Schneider with the girls are Mrs. Peggy Smith and James Wade.

Three tournaments are scheduled in the next three weeks with the girls competing against Dumas and Fritch in the first meet at 4 p.m. tomorrow in Canyon.

The following Friday Canyon will host another meet with Vega as one competitor and the third team unannounced.

The first week end in April they will travel to Sunray for a Girls Invitational Meet in their final tournament of the year.

The events the girls participate in are the 440 relay, 440 run, 220 dash, 100-yard dash, 880-yard run, one-mile relay, 60-yard dash, 80-yard hurdles, and the 880-yard relay.

The field events include the shot-put, discus, high jump, broad jump, triple jump.

"The track events will help the girls build up stamina," Schneider concluded this week as one group of girls mastered the high jump, another began passing the baton in a relay practice and a third group lined up for the hurdles.

If enthusiasm and a willingness for hard work is any measure how the girls will do in upcoming contests, those Canyon females are bound to rank high.

Three powerhouses take to the track during warmup at a session of the Canyon High School girls track team. The girls are part of the new program, coached by Bob Schneider which is allowing girls to participate in track events. Three track meets will be held this spring for the girls.

No sissies among the ranks of the Canyon High School girls track team members. The girls are participating in the first track events at the high school including hurdles, high jump, broad jump, relays and individual dashes.

VOE Student Wins Second In Contest

Judy Brummett, daughter of Mr. and Mrs. Max Brummett of Canyon, will represent the Canyon High School vocation office education department at the state VOE contest in San Angelo April 16-17.

Judy, CHS senior, won second in job application at the Area IV contests last week end in Lubbock. The win made her eligible for the state contests, where she will compete with 20 other high school students for the right to compete in national competition May 1.

Mrs. Jackie McAlpin is sponsor of the VOE group in Canyon.

Susan Nash, daughter of Mr. and Mrs. James Nash of Amarillo, is president of the local VOE club and will be a voting delegate to the statewide convention in April. The CHS senior works for Haley Printing and Office Supply.

Becky Wesley, daughter of Mr. and Mrs. Luther Wesley, is secretary-reporter for the club and will also be a voting delegate. Also a senior, Miss Wesley works in school superintendent Jerry Jacob's office. Miss Brummett is treasurer of the club and works at TG&Y.

Caballero Watercolor In Exhibition

A watercolor by Dr. Emilio Caballero has been accepted for the 104th annual exhibition of the American Water Color Society. The artist is head of the art department at WTSU.

Titled "Palo Duro," the 22 x 30 inch work, will be on view in the National Galleries in New York City and will be part of the society's travelling exhibits during 1971. The New York Show will open April 8.

Judging will take place about the end of March, said Dr. Caballero, when prizes amounting to about \$15,000 will be awarded.

As a member of the Royal Society of Arts of Great Britain, Dr. Caballero has received an invitation to a banquet for the Society's American branch, to be held today in New York.

The American organization, the Newcomen Society, is being recognized by the first dinner in this country honoring Fellows of the Society.

Play Day Is Sunday

Randall County Sheriff's Posse and other members of District 2 of the American Association of Sheriff Poses and Riding Clubs will sponsor an open play day Sunday at the Range Riders Arena in Amarillo.

The events will be open to individuals and groups for 25 cents per game. Games will begin at 10 a.m. and will be broken into groups for peewees, juniors, intermediates and seniors.

Events will include key hole, pole bending, barrel racing, baton relays, ribbon racing, flag racing, potato racing and ring racing.

Now there's a new, small Pontiac with a small-car price for small-car lovers.

Wouldn't you know it would be fun to drive, stingy on gas, quick to service and built to last.

Of course you would. We wouldn't build a small car unless we figured it would give you more of what you want a small car for.

Take that low price. Ventura II is a small car, so it has a low, small-car price. But it's what you get for that small price that makes Ventura II worth a close look.

Ventura II is fun to drive. It should be, it's from the Wide-Track people. Which means you get a smooth, comfortable, Wide-Track ride.

The handling's quick. There's a nifty 111-inch wheelbase for easy parking. And both the 250-cu.-in. six and available 307-cu.-in. V-8 respond beautifully in city traffic or on the expressway.

Ventura II is stingy with your gas money.

Both the standard six-cylinder engine and the V-8 you can order run beautifully on regular gas or the new low-lead and no-lead fuels. The carburetor on the six is an economical one-barrel, and the transmission for both six and V-8 is a practical 3-speed manual.

Ventura II is quick to service. If you're a do-it-yourselfer, you'll like fiddling around with the new Ventura II.

New twist-lock lamp sockets let you make changes in seconds.

The engine is uncomplicated, and there is plenty of engine-compartment space, especially with the six.

If you ever need to have somebody else work on your car—well, you'll like Ventura II, too. Both the standard six and available V-8 are tough, time-tested designs. Same goes for

transmissions. The standard 3-speed manual and the available 2-speed automatic, Turbo Hydra-matic or floor-mounted 3-speed are all rugged, dependable units.

Ventura II is built to last. There's nothing lightweight about this car. It's welded—not bolted—at hundreds of strategic points to help keep it tight and quiet.

The body is heavy-gauge steel. And it has double paneling in the deck lid, hood and doors. You could probably sum it up best with three little words. Body by Fisher.

So, come on. If you're a small-car lover, stop by your Pontiac dealer's today. Tell him you want to see the new Ventura II. It's the small car that gives you more of what you want a small car for.

Ventura II—It's Pure Pontiac!

WTSU Cheerleader Crowned Miss Snake Charmer Of 1971

Jane Van Dever was crowned Miss Snake Charmer for 1971 at the annual Sweetwater Rattlesnake Roundup last week end.

Miss Van Dever, a West Texas State University sophomore and cheerleader, was crowned during a pageant and dance Friday night.

Book Review Is Tuesday

University Study Club will sponsor the Federated Club Council Book Review at 7:30 p.m. Tuesday in the First Baptist Church of Canyon.

Mrs. Gilbert Brown will review "How To Win Over Worry" by John Edmund Haggai. Donations will be accepted, and will be used in the Canyon Library Building Fund.

As Miss Snake Charmer she will be eligible to compete in the Miss Texas Universe pageant next year. She will serve as the assistant to

Bill Smith Signs At WT

A two-year starter at San Angelo Central High School has signed an athletic scholarship agreement with West Texas State University to play football.

Bill Smith, 6-2 and 200, was a defensive tackle for the San Angelo Bobcats and was a starter during two seasons.

Buffalo assistant coach Leldon Hensley, who signed Smith, says the defensive lineman is a solid football player and a good student, maintaining over a B average in the classroom.

the Miss Texas Universe contest later this month.

Miss Van Dever, who grew up in Sweetwater, said she likes snake hunts and has attended them for years. She returned to WT with several skins which are being soaked in preservatives.

She is standards chairman of Zeta Tau Alpha and plans to spend this summer in Mexico living with a Spanish family to learn more Spanish, which is her major.

Miss Van Dever is also a member of the WT track team and is the starter in the 440 relay and a member of the 880 medley relay.

Vanessa Cotton, 12-year-old daughter of Mrs. Virginia Cotton, broke a bone in her ankle Sunday in a skiing accident at Santa Fe, New Mexico.

Jan Van Dever, WT sophomore from Sweetwater, was named Miss Snake Charmer last week end at the annual Sweetwater Rattlesnake Roundup. The blue-eyed beauty says she enjoys the hunts and participates in them each year.

Eagle Boosters Plan Faculty Cage Battle

The Sommers Bloomers will face the Corley Cagers Tuesday night in the Canyon High School gym in the annual high school vs. junior high school women faculty basketball game.

Beginning at 7 o'clock, the cage battle will be sponsored by the Canyon Eagle Booster Club and admission will be 25 cents for students and 50 cents for adults.

Proceeds will be used to sponsor the Canyon High School Athletic Banquet later this spring.

Referees for the game will be A. J. Luquette, former referee with the House of David and Harlem teams, and Eural Ramsey, former N.F.L. all pro official, and presently at West Texas State University.

High school roster will include Lanette Hagemeier, Bessie Ellis, Sherry Dambold, Bess Brillhart, Melody Swauger, Margaret Ruthart,

Sandy Kimberly, Opal Freeman and Betty Brown.

Junior high roster is Andrea Metcalf, Barbara Schneider, Peggy Smith, Nadene Lyles, Rosalie Barnes, Sally Steinpreis, Iris Hall, Leah Short and Luisa Tversky.

Cheerleaders will be Jackie McAlpin and Treasure Brasher for the high school, and Carol Wineberger and Will McAlpin for the junior high.

Club To See Decoupage

A demonstration of decoupage will be given by Mrs. Doris Martin at the Good Neighbors Club meeting Monday at 9:45 a.m. in the Episcopal Student Center, 2514 4th Ave.

Mrs. Martin is the owner of The Ticky Tacky Shop. The meeting is open to anyone who is interested.

Local Fire Department Is Honored

For the third consecutive year Canyon's volunteer fire department was honored by the National Fire Protection Association.

Last week fire chief Jack Jennings and fire captain Joe Rice were honored by Governor Preston Smith in Austin as they were presented a proclamation honoring them as one of the top seven fire fighting departments in the state.

Canyon was the only one of the seven departments which is a volunteer department. The other cities receiving recognition were Houston, Abilene, Longview, Richardson, Victoria and Killean.

Mr., Miss CHS Named Saturday

Mr. and Miss Canyon High School will be crowned Saturday night during an all-school social in the high school cafeteria.

Four girls and four boys have been voted to the finals of the contest and coronation ceremonies will be conducted during the four-hour dance where the Wulfgang Band will provide the music.

Election for the winners was Tuesday and results kept secret until the crowning.

Those seeking the title of Miss CHS are Celia Caskey, Cam Davis, Janna Johnson and Connie Kelley. Mr. CHS nominees are Bob Bullock, Duane Harp, Teddy Trice and Ronnie Williams.

Jennings said the department was judged on overall fire prevention methods. Canyon competed against cities of all sizes, and special honors came their way because of the three-year consistent record.

**Steak, Beans
Eaten By ZTA**

Zeta Tau Alpha held the first of its annual steak and bean dinners to promote scholarship on Sunday in Amarillo.

Sorority girls whose semester grade averages were below 1.2 ate beans while their sisters with averages between 2.0 and 3.0 ate broiled steaks. The in-between students with averages from 1.2 to 2.0 ate hamburger steak.

The chapter consumed 18 broiled steaks, eight hamburger steaks, and six plates of beans.

The chapter entertained professors with dessert, punch and coffee in the WTSU Activities Center recently.

**Bands Rate
At Festival**

Bands from Canyon Junior High School received awards in band festivals at Borger and Hale Center last week.

The Concert Band, which is made up of seventh-grade students, was chosen Outstanding Concert Band in Class C at Hale Center Saturday. It was rated excellent in both concert and sight-reading competitions.

The Symphonic Band, composed of eighth and ninth-graders, received an excellent rating in concert and a superior rating in sightreading Friday at Borger.

Gary B. Laramore directs both groups.

The two bands will participate in the Intercholastic League concert and sight reading contest at the Amarillo Civic Center on April 1.

**Whiteface
Quarterback
Signs At WT**

Mike Wartes, all-district quarterback from Hereford, has signed an athletic scholarship agreement with West Texas State University.

Head Buffalo coach Gene Mayfield made the announcement of the signing Thursday morning.

Wartes, son of head Hereford High School coach Larry Wartes, set a new school record for passing this past season and was a unanimous All-District 4-AAAA selection.

The 5-11, 165-pounder completed 101 of 216 passes for 1,561 yards and eight touchdowns. He had 15 interceptions. The old Hereford High School passing mark was 99 yards.

The Lubbock Avalanche-Journal named Wartes to its All-South Plains football team. He also earned all-district honors this past year in basketball. He was an all-district cage selection as a junior in District 1-AAA before Hereford moved to class AAAA.

Wartes started as a defensive back his junior year, but played only offense during his senior year.

The Hereford High student body president maintains over a B average in the classroom. He has been named as one of the outstanding teenagers of America.

KIDDIES' DINNER 49c

Umbarger News

BY SUSAN DOLLE

For the third year, Mr. Walter Cranmer of Canyon is coaching girls' and boys' Umbarger CYO volleyball teams. This year twenty-two girls from two teams, and thirty-five boys have begun practice.

The first game for the seventh-and-eighth-grade-ages teams will be held Saturday night at 7:00 in Bushland.

Players are asked to meet at the Umbarger gym at 6:30.

Mr. Cranmer practices with the teenagers two nights a week. Last year the teams, when playing two out of three games, scored nineteen wins and seven losses. When asked about his coaching approach, Mr. Cranmer said, "I try to get the kids to keep their eye on the ball, and most of all, to hustle."

The record shows the approach pays off. Have you driven past Buffalo Lake lately? Have you ever seen a lake with no water in it? I've heard of ghost towns, but this is the first ghost lake I have seen.

Maybe you remember when Buffalo Lake was lined with fishermen who could boast of the channel catfish and the crappie they brought home. You could see sailboats and motor boats with skiers enjoying the long stretch of water. There were a few people who came to picnic, and they wished for better camping facilities.

Now the picnic areas are there — parking areas, good tables, restrooms, a shower facility — deserted, because there is another item missing — the water.

What would it take to fill the lake again? A monsoon rain? Probably. Does anyone know the name of a good rain dancer? Maybe there would have to be another source of water other than rainfall. The pipeline for the Canadian River Municipal Water Authority is located 18 miles east of Buffalo Lake with an uphill grade of approximately 190 feet. A good source, but is recreation solely a sound reason for use of this precious natural resource? Agriculture and municipalities make a heavier demand today.

Buffalo Lake was formed in 1938 under the Department of Agriculture for the purpose of water retention and planned recreation. A small portion on the southern end was used as a wildlife refuge. The lake was completed and overflowed in 1941, thanks to good rains. The dam overflowed again in 1951, (which I remember

seeing.) The water was close to the dam in the early 1960's.

In 1958, care of the lake was given to the Department of the Interior, serviced by the Bureau of Sports Fisheries and Wildlife.

Maybe it is impossible to see Buffalo Lake again the way it was in 1941. But a lot of people go hundreds of miles in the Panhandle to get near water. Wouldn't it be a boon to this area to have a lake for people to enjoy?

Pistols 'n Petticoats met Sunday night in the Parish Hall for its regular square dance session. Lessons were given at 6:00, then the grand march at 7:00 began the club dance with Herrick Allen as caller.

The new banners, which were made by Mrs. A.H. Lindemann, were displayed. The travelling banner was taken by the Levi's and Lace Club of Amarillo. Other guests were from Hereford's Merry Mixers and Amarillo's Belles 'n Beaus.

Refreshments were served by Mr. and Mrs. Paul Ferguson, and Janice and Raymond Artho.

Mr. and Mrs. Charles Beckman and Mr. and Mrs. Vincent Meyer, Sr., returned last Friday from a 3-week tour of the southern states. They visited Mrs. Beckman's sister, Mrs. Carl Coldren, in Orlando, and her son Gerald and his family in Corpus Christi. Highlights of the excursion were sightseeing in Key West, San Augustine, and Lauderdale-by-the-Sea.

Beauty . . .

(Continued from Page 1)

Leaders of America, treasurer of the Mixed Choir, is a member of the Junior Who's Who, and was selected as one of the outstanding young citizens to attend the American Citizenship Seminar. She was sponsored by Southwestern Public Service.

Judges for the contest, which was held in the Canyon High School auditorium, were Mr. and Mrs. Jerry Logan of Graham, Mr. and Mrs. John Pitts of Peryton, and Mrs. Quien Stapleton of Amarillo.

The queen was presented with a crown, roses, a trophy, and gift certificates from Warren's, Jennings, and Daisy's Too. De'on's presented her with an ensemble, and West Texas State Bank and the First National Bank in Canyon each gave her \$50 savings bonds.

The 40 girls spent Saturday afternoon at a special informal party where they talked individually with judges.

F.R. McClains Have Baby Boy

Mr. and Mrs. Franklin R. McClain of Canyon announce the birth of a son Billy Joe last Thursday in Neblett Hospital.

The infant weighed seven pounds and 3/4 ounces. He is the third youngster in the family. Other children include Douglas, three years old and Ivan, two years old.

Mr. and Mrs. S. B. Harvey of Happy are maternal grandparents, and Mr. and Mrs. Rube McClain of Canyon are paternal grandparents.

WT . . .

(Continued from Page 1)

ence building have top priority in board plans.

"We are 10 to 15 years behind," he said. "We're trying to catch up to today."

Winding up his talk he warned of the need for solidarity of the area.

"We cannot afford the luxury of having a squabble with the people to the south—Lubbock and Odessa," he declared. "With redistricting coming up we're going to have tough sledding."

Teacher . . .

(Continued from Page 1)

showing that the Canyon coaching staff is comparable in size to other schools in the area.

Jacobs told the board that the Methodist Church wants to sell a half block of property just across the street north of the high school. He said the property has been used by the school for several years under an arrangement with the church and has been appraised at \$12,000.

Acting board chairman Wesley Cox said the school is interested but asked for some time to study the proposal.

Jacobs told the board of plans to beautify school campuses this summer.

LSD . . .

(Continued from Page 1)

a major cause for Bowers' symptoms.

The district attorney related that Bowers was placed in Randall County jail in late February when his parents withdrew his bond on the marijuana charge and surrendered him.

Randall County Jailer Merle Strickland testified that while in jail Bowers insisted that he was a vampire and threatened to suck the blood out of people. Strickland said the prisoner bound his head tightly with a towel saying this was the only way he could keep his brains from falling out.

Bowers was indicted last August on the marijuana charge.

Gene Howe News

BY PAULINE HEFLEY
Our fearless principal, Luther B. Lawless, of Gene Howe School and Mrs. Alma Perkins report they had a nice trip to Dallas to the TSTA convention.

They heard Art Linkletter speak on Thursday evening. Mr. Lawless stated that the first part of his talk was primarily taken from his book, *Kids Say the Darndest Things*.

Mr. Linkletter related to the spellbound group how fortunate he had been and that we must take the good with the bad in this life and that he felt his daughter had been brought in this life to serve one purpose and she had fulfilled that.

We understand a group in Amarillo is trying to bring Mr. Linkletter to Amarillo and our delegates to this convention certainly recommend that everyone try to attend.

I believe any responsible parent is cognizant of a drug problem and we would all benefit by hearing another parent share his thoughts on this timely subject.

On Friday the group heard Bob Crosby and his orchestra and Saturday was an all day business session. The delegates from the Panhandle, and for that matter, all of Texas, had the pleasure of hearing the announcement that President-elect of the TSTA is Mrs. Patsy Duncan of Amarillo, and her sister is one of our patrons at Gene Howe, Mrs. Bill "Cora" Team on Gary.

On the lighter side, Cindy Johnson, daughter of the Carl Johnsons on Burlington, won two first divisions at UIL playing the flute. She was accompanied by Mrs. Shirley Cox. Estelle and LaVerne Palmer from Levelland visited in the Don Palmer home on Greenhaven over the weekend.

Eight of our angel girls from Gene Howe will retire the colors at the District 8 Spring Conference of the PTA that will be held at the First Christian Church on Wolflin in Amarillo on Thursday of this week.

All the girls are members of Troop 8 of the Girl Scouts and are Lisa Baker, Lisa Erwin, Janice Delaney, Tracy Bufkin, Debbie Beck, Kendra Wallis, Cindy Todd and Donita Hall. The PTA of Gene Howe will also have a goodly number to attend this Conference, but shall save that till next week.

Mrs. Guy "Doris" Bufkin on Whittier is recuperating nicely from recent surgery at Northwest Texas Hospital. Understand Mrs. Garner "Ollie" Lee has had to miss teaching school due to illness but is back now. And, this writer is delighted to report that Frank Hanson is doing better and has been out motoring around in his car. W.J. and Lois Carroll's son Bob was in a serious car accident in Louisiana. The Carrolls reside on Farmers and we hope Bob is doing better. A real special "Hello" to all our friends that are under the weather and I'm sending you a get well wish via this column.

Kelli Kay Campbell on Lamont had a birthday party at her home with the girls from her second grade class. Kelli was eight years old and a "Happy Birthday" to her.

This writer and angel daughter Alexis went to Quanah last weekend to visit my parents, Mr. and Mrs. Leo A. Elliott, and sister Catherine from Wichita Falls.

Mrs. L.R. "Pete" Baker on Flower states that the Cancer Society needs some volunteers for the April Fund Drive in the Tanglewood, Gene Howe and Mesquero Park additions. If you are in a position to help out — be sure and give her a call at 355-1556, or the Cancer Society office at 374-8802.

Now listen, y'all gotta shoot some news my way — 352-2089 or 376-9853. I can't get too enthusiastic, nor can you get too excited if I don't have any happenings to report and I go into a long dissertation on which is worse — a giraffe with a sore throat or a centipede with blisters. Besides, I did that some years ago and I know the answer. So get in touch.

By the way, I am placing a basket? box? container in the office at Gene Howe and you can drop pertinent information in it for me. On the light, light side — Ruth Clark's cow, Liza, had a baby girl Saturday morn and they're contemplating calling her Caldeonia.

Well, I'm done, and if you don't believe me, stick me with a fork. pmh

Armstrong . . .
(Continued from Page 1)

\$30 a month per family with the county paying half that amount. A census on county employees will be made before any action on the program is taken.

The court authorized Road Superintendent Bob Burns to advertise for bids and accessories for the Road Department.

Commissioners accepted a check for \$880 from Col. E. L. Booch, district probation officer. The money was obtained from fees from probationers from Dec. 8, 1970, through March 8, 1971. Probationers began paying fees of from \$5 to \$10 per month June 4, 1970 and the measure has produced \$1,837.50 for the county to date.

Judge Pond said he had received no word since last week on a court inquiry into the salaries and former salaries of PRPC's two top men.

The court heard a report from LeRoy Hutton, county clerk, on proposed election legislation. Hutton made a trip to Austin last week to study upcoming proposals on changes in the Texas election code.

In other business, the court asked that one of the district judges sign a transfer order so that \$31,019.10 can be moved from the sinking fund to the right of way special fund.

Criminal . . .
(Continued from Page 1)

criminals, improvement of prosecution and court activities and law reform, increase in effectiveness of corrections and rehabilitation, reduction of organized crime, prevention and control of riots and civil disorders, improvement of community relations, research and development and improvement of information and communications system.

Logan . . .

(Continued from Page 1)

ball," Logan went on. "Then if he gets to play with the pros a few years and get ahead in life so much the better."

Jerry Don said he thinks his team can look forward to another good year next season.

"Defensively we're sound in every way," he asserted. "A few things offensively have to be worked out. Then of course, there is the question of how Mattie will come back from knee surgery."

Logan said he thinks pro football will remain popular for years to come rather than rise and wane as did baseball.

"There's nothing physical about baseball," Logan declared. "Football is a game of action and there's always something new. People want action games — physical games."

"People enjoy seeing someone get hit in the mouth or turned a flip."

Logan is proud of his role in the Super Bowl and is proud to be a world champion.

"Some fellows play the game and never get to play on a winner much less a world championship team," he said. "The good Lord smiled on me."

"The money means a lot but when the money is gone that ring, when I get it, will mean a lot. It's the idea of saying I was on the world champion team."

Logan and his teammates will get their championship ring in April.

Officials Ask Census Help

Canyon's school administrators are taking a census in an effort to locate children who will be 5 and 6 years old in September.

Parents with children in this group who have not received and returned a census form are being asked to call the principal of the appropriate school. Those in the Gene Howe district may call

Flu . . .

(Continued from Page 1)

ing from it. Almost none of the victims have been admitted to Neblett Memorial Hospital, even though several thousand cases have been reported in the past month.

"I haven't seen anyone who came down with flu who had flu shots last fall," the doctor said. The shots cannot be regarded as prevention for colds, he warned, "but they certainly do prevent flu."

OK!...
you want to
be Cool

Get your money's worth
electric air conditioning

OVER 30 YEARS OF PROVEN DEPENDABILITY

Just like your refrigerator, electric air conditioning uses the same experience-proven method of cooling. A dependable compressor keeps on cooling no matter how high the outside temperature.

LOW OPERATING COST

Before you buy, be sure you have complete information. Electric air conditioning saves you money when you buy and because it uses only electricity and free air, your operating cost is low... no extra installation costs, either!

HIGH ALTITUDE — NO PROBLEM

Despite our high altitude, electric air conditioning keeps on doing its job because the electric cooling method is completely sealed against the effects of altitude changes.

CHOICE OF BRANDS

There are 58 manufacturers of electric air conditioning and all major brands are available in our area. Brands in your area are listed in the Yellow Pages or identified on your neighborhood dealer's store front.

CHOICE OF SIZES

Electric air conditioning offers the right size for your cooling job. Too large a unit makes your first cost unnecessarily high; too small runs up operating cost. Electric air conditioning can save you money on both counts.

COMPLETE SERVICE

The principle of electric air conditioning is so well understood and the parts so easy to change that any air conditioning man can give you service quickly should you ever need it.

ELECTRICITY — IT DOES SO MUCH GOOD FOR SO MANY PEOPLE!

3 Receive A&M Awards

Three Canyon High School seniors received word this week they have been selected for scholarships to Texas A&M.

Harp, who is a member of the Chorale and the Boys Choir, defensive back for the Eagles, and president of the student body, received a scholarship to total not less than \$450 in petroleum engineering. His scholarship came directly from A&M and not through the JETS program.

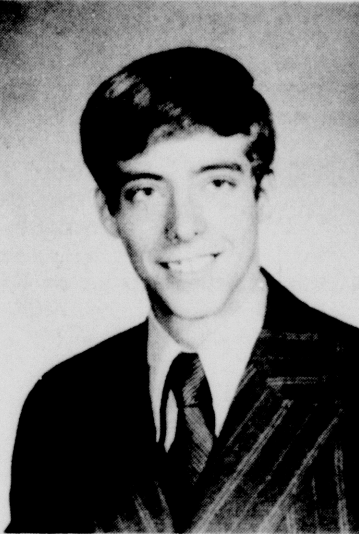

Mrs. Charles Brasher is sponsor of the JETS club at Canyon High School.

WADE LEWIS

Wade Lewis, son of Mr. and Mrs. Weldon Thomas Lewis of Canyon, Bill Reynolds, son of Mr and Mrs. Chester Reynolds of Canyon, and Duane Harp, son of Mr. and Mrs. Bill Harp of Amarillo were the recipients of the A&M scholarships.

Lewis, a member of the National Honor Society, received a \$500 chemical engineering scholarship through the local chapter of the Junior Engineering Technical Society of Texas. Reynolds will have a \$500 scholarship in mechanical engineering.

BILL REYNOLDS

Reynolds is president of the National Honor Society, and vice president of the local JETS chapter. He is secretary of the Key Club, a member of the Chorale and one of the madrigal groups and received the physics award his junior year.

Eight scholarships were awarded by A & M and Canyon students received two of them through the JETS program.

Scouts To Compete For Gold Medals

Boy Scouts from four councils will compete in the 1971 Explorer-Olympics at the WTSU Activities Center Saturday. Registration is set for 9 a.m.

Gold, silver, and bronze medals will be awarded in 15 events to Scouts from councils headquartered in Amarillo, Pampa, Lubbock, and Roswell, N.M.

Competitions will include archery, chess, bowling, table tennis, volley ball, basketball, paddle ball, riflery, wrestling, tennis, touch football, track and field, swimming and operation of motor vehicles.

General knowledge tests will be given in electronics, American history, mathematics, electricity, space, chemistry, physics, biology, geology, and sports.

The Llano Estacado Council will conduct an Explorer Planning Conference Friday evening.

Dena Nichols ATO Playmate

Dena Nicholas, West Texas State University junior from Canyon, has been named Alpha Tau Omega national social fraternity March playmate.

Miss Nichols is a member of Delta Zeta social sorority at WT and is an elementary education major. She will receive an ATO Playmate Sweatshirt from the fraternity.

Peter Del Negro, public relations officer for the fraternity, made the announcement this week.

Unbranded Strays May Be Auctioned

Unbranded and unidentified cattle which strayed in the recent blizzard eventually will be sold at auction, according to Randall County Sheriff L.S. "Slim" Johnston.

When such cattle are sold the money will be held in escrow for four years and eventually if not claimed be given to Boys Ranch. "I know of no way they could be given away to anyone," the sheriff said.

Sheriff Johnston said the cattle may be sold at public auction or through a sale ring.

"We're going to leave such cattle where they are as long as we can," he said. The sheriff noted that people who are keeping stray cattle will be entitled to expenses and payment for damages when the cattle are sold.

Scores of cattle were lost in the blizzard. It will be almost impossible to locate and identify some of them.

The A.E. Cogburns of Canyon report the loss of 38 head of unbranded cattle from their place near Arney.

DUANE HARP

Canyon Folks To Heritage Directorate

Eight Canyon residents were elected Wednesday to the Texas Panhandle Heritage Foundation board at the annual meeting in Amarillo.

Dr. Leta Boswell, Dr. James P. Cornette, Ruth Cross, Dr. Frank W. Daugherty, Avert W. Lair, Mrs. R. A. Neblett, Mrs. Emil Olson and Bernard Warren were the board members elected and will serve until 1973.

A meeting of the entire board will be held in April to elect officers.

In other business members heard a progress report on the underwriting project for a light and sound show planned this fall in the Palo Duro Canyon amphitheater.

Bill Adams, director of the underwriting drive, said that about half of the needed \$60,000 has been collected and he expects to have the remaining monies in two weeks.

The group also heard portions of the fall show "They Came From Spain" read by Mrs. William A. Moore, Wendall Cain and Guy Paul Yates and Nick Reid. Mrs. Ples Harper, author, introduced the readers.

Five West Texas State University band members have been named to the Interscholastic All-State Band. From left are Dick Clardy, Jack Nall, Mary Karen King, Steve Haddad and David Robinson.

Eagles Drop Match To Amarillo Sandies

The Amarillo Sandies scattered nine hits without a bobble to defeat the Canyon Eagles 7-2 Tuesday afternoon in Amarillo.

Canyon's Mickey Comer was on the mound for Canyon. He went the distance striking out nine batters and walking four.

Sammy Kerbel rounded out the battery for Canyon.

The Eagles committed six errors and that was pretty much the story of the ball game. Seven Canyon batters struck out and five walked.

Canyon scored its first run in the fourth when Daryl Curtis tripled and then was singled in by Gary Gerber.

In the seventh Randy Read walked as did Wayne Ramsey and then Don Minter hit a double and drove Read in.

The Eagles go to Borger Friday for a 4 p.m. contest with the Bulldogs.

Ray Golson Hits Guide Cage Team

Ray Golson, high scorer for the West Texas State Buffaloes was named Monday to TV Guide Magazine's District 6 Collegiate Basketball All-American team.

A junior from New York City, Golson lead the Buffaloes to a 1970-71 season record of 19-7 by scoring 19.9 points per game.

Golson transferred to West Texas State from Christian College of the Southwest.

Solons Honor Girl Eagles

State Representative Tom Christian of Claude Monday will introduce a resolution in the Texas House honoring the Canyon High School Girl Eagle basketball team.

The team was runner up for the state championship.

The resolution names the entire squad and coaching staff. If passed, copies will be presented to members of the team, coaches and managers.

It is not expected to encounter any opposition.

WT Tennis Team Faces H-S Here

West Texas State University's tennis team, fresh from an impressive victory in its own invitational tournament, hosts Hardin-Simmons University at 9:30 a.m. Saturday.

The Buffaloes have a 9-2 record this season after defeating all five visiting teams in the tournament.

Cates, Dunn To Talk On Politics, Ethics

State Representative Phil Cates of Lefors and Dr. James Dunn, executive secretary of the Christian Life Commission of the Southern Baptist Convention, will conduct a "politics and ethics" seminar in the ballroom of the WTSU Activities Center Friday at 3 p.m.

The Baptist Student Union is sponsoring the presentation, which will be followed by a discussion period. The seminar is open to the public.

Cates, newly-elected representative from the 79th District, is a former assistant dean of student life at WTSU. He is a graduate of the university.

Dr. Dunn, who is from Dallas, was BSU director in Canyon from 1961 to 1966.

David Harmon, chairman of the seminar arrangement committee, will preside.

William C. Harter was installed as president of the Texas Elementary Principals and Supervisors Association Friday at a luncheon in the grand ballroom of the Adolphus Hotel in Dallas.

Harter is principal of Wilson Elementary School in Amarillo and the son of Mr. and Mrs. Charles Harter of Canyon.

He is a graduate of West Texas State University and holds a master's degree from the University of Colorado, Boulder.

WTSU's head football coach and athletic director, Gene Mayfield, will be the featured speaker at the Phillips High School athletic banquet, March 23.

WILLIAM HARTER

Harter Heads Association

WTSU's head football coach and athletic director, Gene Mayfield, will be the featured speaker at the Phillips High School athletic banquet, March 23.

Mayfield, considered as one of the top high school coaches during his 17 years at three Texas high schools, took over as head of the West Texas State program

Five WTSU Students Make All-State Band

Five of WTSU's band members have been named to the Texas Intercollegiate All-State Band after try-outs held at Texas Christian University March 5-7. Four will fill first chairs.

Mary Karen King of Canyon will play first-chair flute. Dick Clardy of Odessa is first chair trumpet. Jack Nall of Odessa is first chair trombone, and Steve Haddad of El Paso is first chair baritone.

David Robinson of Amarillo will play third chair French horn.

Competition was open to college band students throughout Texas.

Nance Fund Campaign Nears End

The Nance Ranch Fund drive was expected to come to a close in Canyon this week with a total of almost \$15,000 having been contributed.

Jerry LaGrone, local chairman, said the fund had gone above \$12,500 at week end.

"The reception has been outstanding," LaGrone commented. "We have met with little but enthusiasm."

The 2,390-acre ranch located 6 miles east of Canyon was donated to West Texas State University by Mrs. Lucille Nance Jones and her husband, L.L. Jones. It is being devoted to mother cow and feed lot technology research as well as teaching.

Four Teams To Compete

Four teams from the vocational agriculture department at Canyon High School will compete in the Sweetwater Invitational judging contest this weekend.

Livestock, dairy cattle, dairy products and meats judging teams will compete in the Sweetwater Chamber of Commerce sponsored contest Saturday.

Livestock judging team members will be Rick Hales, Mike Trammell, Pat Trammell and Scottie Keeling.

Meats judging teammates will be Dwight Brandt, Jerry Hill, Neal James and Dan Buckles.

'Hello Dolly' Performance Begins Mar. 25

West Texas State University's spring musical "Hello Dolly" begins next Thursday, March 25, at 8 p.m. in the Branding Iron Theatre and will run six evenings.

Molly Malone, Amarillo sophomore who is also Miss West Texas State, will play the lead role of Dolly Levi. Steve Garms, Plainview sophomore, will portray the male lead, Horace Vandergelder.

The show, which currently holds the long-term record on Broadway, will play March 25, 26 and 27, 31, and April 1 and 2.

Mike Hamblin is to preach a weekend revival at Calvary Baptist Church beginning Friday at 7:30 p.m. The series will conclude Sunday evening.

Music director will be WT student "Soapy" Dollar.

Hamblin is a senior at Tascosa High School in Amarillo.

Services will be at 7:30 p.m. Friday and Saturday. On Sunday starting times will be 11 a.m. and 7 p.m.

A come-and-go breakfast for young people is to be held from 7:30 to 8:15 Friday morning.

Calvary Sets Revival Series

Mike Hamblin is to preach a weekend revival at Calvary Baptist Church beginning Friday at 7:30 p.m. The series will conclude Sunday evening.

Music director will be WT student "Soapy" Dollar.

Hamblin is a senior at Tascosa High School in Amarillo.

Services will be at 7:30 p.m. Friday and Saturday. On Sunday starting times will be 11 a.m. and 7 p.m.

A come-and-go breakfast for young people is to be held from 7:30 to 8:15 Friday morning.

MIKE HAMBLIN

Baseball Team Plays Friday

Coach Bob Sloan's West Texas State baseball team hosts Abilene Christian College for a weekend series of four games, starting at 2 p.m. Friday on the Buffalo Field.

The Buff ballplayers are fresh from winning three of four games from Eastern New Mexico University early this week and have brought their season record to 4-9.

The Buffs will play two games against ACC and the Saturday doubleheader is slated to start at 1 p.m.

In Monday's doubleheader against ENMU at Canyon, the Buffaloes ripped out 19 hits for a 14-4 win in the opener before falling 8-5 in the second game. Tuesday at Portales, N.M., the Buffs defeated the Greyhounds 9-5 and 6-2. In the opening game Tuesday the West Texas bats ripped off 16 hits.

West Texas State's Bob Sine (17) pitches to an unidentified Eastern New Mexico University batter during a 14-4 Buffalo victory Monday at Buffalo Field. The umpire is John Preston of Canyon and the catcher is Jim Jasper. (WTSU Photo)

Eagle Trackmen Win Lobo Meet

Coach Phil Ehly's Canyon Eagle trackmen won their first track meet since 1962 Saturday scoring 137½ points at the Loveland Relays.

Hereford was second with 131½ points in the meet which saw seven teams including Clovis, Loveland, Tulia, Littlefield and Muleshoe competing.

The Eagles took five blue ribbons in the meet.

The 440-relay team was first with a time of 43.6. The team is made up of Jerry Carlile, Allen Bedell, Rick Edmondson and John Hoover.

Bedell was first in the 120-yard high hurdles with a time of 15.4 and John Upshaw was fifth with a time of 16.5.

Jerry Carlile clocked a time of 10.2 to win second in the 100-yard dash and Rick Edmondson was fifth with 10.5.

John Hoover ran the 440 in 52 seconds flat to pick up a first place while Steve Williams was fifth with a time of 54.3.

Allen Bedell and John Upshaw tied for first in the 330 intermediate hurdles each with a time of 42.6.

Carlile set a new meet record in the 220 with a time of 22.4 while teammate Rick Edmondson came in third with 23 flat.

Frank Belcher placed second in the mile run with a time of 4:55.2. The mile relay team was third with a time of 3:38. The team is made up of Kent Zevely, Steve Williams, Raby Ratliff and John Hoover.

John Upshaw was fifth in pole vault and Van James sixth in discus. James Boyce was second in shot put with a distance of 45 feet, 1¼ inches while Matt Hansen was sixth with 40 feet.

Chris Olsen placed third in high jump with a jump of 5 feet, 10 inches. Carlile was second in broad jump with a distance of 20 feet, 2 inches and Edmondson was fourth with 19 feet, 3 inches.

The boys track team goes to Hereford for a meet Saturday.

Sprint relay team from Canyon High School and their coach show off two trophies the track team won Saturday in the Loveland Track Meet. David Ehly, left and coach, admires the meet trophy the entire team won for nabbing the tourney. His sprint relay team members admire their trophy for first place. Second from left are John Hoover, Rick Edmondson, Allen Bedell, and Jerry Carlile. Carlile was high point individual with 31 points for the meet.

Amarillo Cage Standout Inks With WTSU Buffaloes

Robert Graham, 6-6 Amarillo Caprock basketball standout, signed an athletic scholarship agreement with West Texas State University Monday morning.

They inked the letter of intent early Monday morning with Buffalo assistant coach Lonnie Nichols.

The 170-pounder led District 3-AAAA in scoring for the season with a 19.4 average and was named Player of the Year on both the coaches all-district team and the Amarillo Globe-News All-City teams. He is also a candidate for all-state honors.

Graham is a repeater on the all-city team, averaging 14.3 rebounds this past season. He hit 46.3 per cent of his field goal attempts and 61.3 per cent from the free throw line.

Graham's season hit was 33 points in a 74-71 victory over Class AAA state champion Dumas.

Graham, son of Mr. and Mrs. B. C. Graham, said he didn't consider any other scholarship offers. He was contacted by 30 other colleges and universities, but didn't visit on any of the other campuses.

"I didn't need to visit anywhere else," he said. "I had decided where I wanted to play before the season was over."

A National Honor Society student, Graham has a 90.4 senior average. He will major in history at West Texas.

Head Buffalo coach Dennis Walling said, "The signing of Graham is a feather in our cap. It shows the confidence the area and local people have in our program."

The Buff coach said he hopes several other of the top Panhandle players will accept offers of scholarships at West Texas State.

Cubs Clean RR Grounds

Cub Scouts from Den 3 of Pack 31 met at Rex Reeves School Monday afternoon to clean up the grounds after Sunday's windstorm.

The job is part of their work toward the Wolf Award, which the den expects to finish soon, according to Mrs. Arthur Johnson, its leader.

The clean-up is classified as conservation achievement.

Counselor Sets New Discus Mark

Ninth-grader Bob Counsellor set new school records for discus throw and shot-put as Canyon Junior High School won a triangular track meet here Friday in competition with teams from Tulia and River Road.

Counsellor marked off 141 feet 4 inches in the discus event, overturning the school's previous 131 feet 4 inch mark. His shot-put effort was 52 feet 4½ inches.

Ninth-grade placings were:

Pole vault: Terry Stewart and David Anderson, first, Kevin Robbins, 2nd, Terry Williams, 3rd.

High jump: Gary Bednorz, first, 5'2"; Kennedy of River Road, second, 5'; and a four-way tie for third among Dennis Collier, Rex McPherson, Ed Lair, and Ross of River Road, 4'10".

220-yard intermediate hurdles: David Anderson, first, 28.6; Gary Bednorz, second, 28.7; Wayne Pitt, third, 30.1.

100-yard dash: Jeff Carlile, and David Anderson, first, 10.9; Terry Stewart, second, 11.2; and Davis of River Road, third, 11.3.

Broad jump: Mark Freeman, first, 16 feet; Roy Bechtol, 15 feet, 5 inches, third.

Discus: Bob Counsellor, first, 141 feet, 4 inches; Phil Atkinson, third, 91 feet, 5½ inches. Shot put: Bob Counsellor, first, 52 feet, 4½ inches; Ronnie Branum, third, 40 feet, 5½ inches; 440-yard dash: Roy Bechtol, 59.2 seconds; Dennis Collier, third, 1:1.4.

220-yard dash: Mark Freeman, first, 25.2 seconds; Steve Weber, third, 26.6 seconds. 1320-yard run: Jacky Cannon 4:3.3; Mark Christy, second, 4:5.4; and Mark Guill, third, 4:9.4.

Mile Relay: Canyon first, 3:51.9 and Canyon second, 4:6.8; 440-yard relay: Canyon first, 48.7; 880-yard run: Doug Harper, 2:18.3; Paul Griffin, second, 2:28.2.

Eighth grade placings:

100-yard dash: Paul Buckles, second, 11.5 seconds; Richard Dillehay, third, 12 seconds; Pole vault: Gary LaGrone, 8 feet, first in a tie with Rex Harris of River Road; Donny Critchlow, 7 feet 6 inches, second.

Shot put: Kelly Forehand, first, 42 feet 2½ inches; Tom Martin, second, 41 feet, 2 inches; Broad Jump: Dwight Harper, 15 feet 5 inches; Paul Buckles, second 14 feet, 9 inches.

120-yard low hurdles: Jerry Townsend, first, 16 seconds; Jack Donovan, 16.2 seconds; 70-yard high hurdles, Jerry Townsend, first, 11.1 seconds; Russell Killingsworth, 11.3 seconds; Gary LaGrone, 11.3 seconds; and Jack Donovan, 11.4 seconds.

440 relay: Canyon purple, second, 51.7 seconds; Canyon white, third, 52.3 seconds; high jump: Delbert Lieklus, 4 feet 10 inches; 660-yard run: Dwight Harper, 1:37.8; 440-yard dash: Paul Buckles, second, 1:1.6; Kirk Schnack, 1:1.65.

50 yard dash: Manuel Hernandez, 6.5 seconds; Rich-

ard Dillehay, second, 6.55 seconds.

880-yard relay Canyon second, 1:47.8; high jump: Jerry Townsend, second, 4 feet, 10 inches.

Seventh grade:

880-yard relay: Canyon purple first, 1:53.1 and Canyon white, second, 1:56.8; 660-yard run: Ken Basinger, 1:48.1. 50-yard dabs: Wright, second, 6.7 seconds.

Broad Jump: Donny Bell, first, 13 feet, 4 inches; high jump: Don Thompson, first, 4 feet, 6 inches in a tie with Noel Carter, 4 feet, 6 inches.

Shot-put: Melton Humphries, 90 feet, 2 inches; Wayne Robinson, second, 85 feet, 4 inches; 440-relay: Canyon purple, 53.5 seconds; Canyon white, second, 54.3 seconds; 440-yard dash: Don Thompson, second 1:5.5; Alvin Ogelsby, 1:5.8.

120-yard low hurdles: Mike Dodson, first, 16.8 seconds; Mark Hanson, second, 17.1 seconds; and Stan Pritchard, third, 18 seconds.

100-yard dash: Donny Bell, 12.1 seconds; Melton Humphries, second, 12.2 seconds; and Mike Halstead, fourth, 12.3 seconds.

The annual Canyon Junior High School Invitational meet will be held here Saturday with 11 teams participating. These include River Road, Highland Park, Dumas, Hereford Stanton, Hereford La Plata, Canyon white, Canyon purple, Tulia, Dimmitt, Muleshoe and Olton.

Kiwanis Club members will run the meet with preliminaries beginning at 9 o'clock Saturday morning and finals starting at 2 o'clock. Kiwanis club will also buy trophies for the winners.

Four Canyon Junior High School choirs sang for first, second and third places in the University Interscholastic League competition in Amarillo Tuesday.

The seventh grade girls choir rated a first in concert and a second in sightreading.

Eighth grade girls also made a first in concert and a second in sightreading.

Seventh and eighth grade boys choir rated a second in sightreading and a third in concert.

Freshmen mixed choir made a second in concert and grabbed a first place in sightreading.

Choir director Gene Murray said the sightreading judge picked the mixed choir as one of the best he heard during the day Tuesday. Around five first places were given in sightreading competition.

Each choir sang three songs in concert performance with one sung a cappella. In sightreading contest the choirs sang one selection which they have never seen.
